Please take a moment to familiarize yourself with our policies outlined below. These policies are important for the safety and comfort of our guests. A detailed outline of our policies and procedures is available on our website justcatsonline.com.

- All guests will be checked for fleas and ticks and, if detected, these will be treated at your expense.
- All guests must be current on Rabies and FVRCP vaccines.
- All guests must have been examined by a veterinarian in the last 18 months and found to be in good health. If your cat has not been examined within the last 16 months, we will examine your cat within 24 hours of check in. Findings from this exam will be provided when your cat is picked up.
- Some cats show a decrease in appetite in the first 24 hours of boarding. If we notice this, we will administer a safe, mild appetite stimulant at no charge.
- If your cat develops a problem or medical concern while boarding, (i.e. frequent vomiting, loss of appetite, significant weight loss) we will examine your cat and contact you or your emergency contact with recommendations. Please note that if for any reason we are unable to reach you, we are obligated to hospitalize your cat and extend appropriate and reasonable care. You will be responsible for the cost of these services.
